

# Voices from our Arizona Fellowship

Your story is important.  
Expressing your story in words can  
help in your recovery.

Local Arizona CoDA members like you have  
shared their **experience, strength**  
and **hope** with our Fellowship.

We learn about  
ourselves and our  
relationships with  
others by hearing  
other people  
share  
about growth and  
change,
