Presented by AZ012

The Voting Entity of Arizona, in recognition of CoDA's growing spiritual maturity as a 37-year-old Fellowship, coupled with the fact that we have a large body of our own CoDA literature, moves that the definition of a CoDA meeting be augmented to include this additional statement:

Each CoDA meeting uses only CoDA Service Conference endorsed literature during the course of a CoDA meeting. This supports CoDA unity and singleness of purpose in providing members with a recognized path of spiritual recovery leading to healthy and loving relationships with ourselves, Higher Power, and others.

Discussion

- a. History - when CoDA started, didn't have our own literature
- b. Literature written by those in the fellowship is written through the perspective of those in recovery
- c. The Literature Committee will be presenting a similar motion
- d. Presented by Joan O of AZ012 and seconded by Sara J of Tucson
